AM = *Anno Mundi* = in the year of the world; AUC = *Anno Urbis Condita*e = from the year in which the city of Rome was founded. Above chart adapted and corrected from E.W. Bullinger, *The Companion Bible*, (Grand Rapids, MI: Kregel Pub., 1990), Appendix 179. Remember, the Hebrew year begins around 1 April and thus differs from our calendar by about 3 months (1/4 year).
